Section 1. Fiscal year. The fiscal year of the City shall be as prescribed by general law.

Section 2. Annual departmental budgets required. The adoption of an annual budget for each department shall be a prerequisite to the appropriation of money for municipal purposes and the levy of property taxes.

Section 3. Manager required to prepare and submit annual budget and explanatory message. At least 60 days before the beginning of the fiscal year the Manager shall prepare and submit to the Board of Mayor and Aldermen a budget for the ensuing fiscal year and an accompanying message. The Manager's message shall explain the budget both in fiscal terms and in term of work programs. It shall outline the proposed financial policies of the City for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures, and revenues together with the reasons for such changes, summarize the City's debt position and include such other material as the Manager deems desirable.

Section 4. Required content and organization of budget. The budget shall provide a complete financial plan of all City funds and activities for the ensuing fiscal year and, except as required by law or this Charter, shall be in such form

as the Manager deems desirable or the Board of Mayor and Aldermen may require.

Section 5. Amendments to budget, when budget must be adopted, and effect of adoption. After the first reading the Board of Mayor and Aldermen may adopt the budget with or without amendment, but no amendment shall decrease expenditures required by law for debt service. The budget shall be adopted for the ensuing fiscal year before the end of the current fiscal year. Adoption of the budget shall constitute appropriations of the amounts specified therein as expenditures from the funds indicated and shall constitute a levy of the property tax therein proposed.

Section 6. Supplemental appropriations. If during the fiscal year the Manager certifies that there are available for appropriation revenues in excess of those estimated in the budget, the Board of Mayor and Aldermen by ordinance may make supplemental appropriations for the year up to the amount of such excess.

Section 7. Emergency appropriations. Upon a declaration by the Board of Mayor and Aldermen that there exists a public emergency affecting life, health, property or the public peace, the Board of Mayor and Aldermen may make emergency appropriations by ordinance. At any time during the fiscal year the Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency and, upon written request by the Manager, the Board of Mayor and Aldermen may by resolution transfer part or all of any unencumbered accumulated balances from one Department, Office, or Agency to another.

However, except where prohibited by law, nothing herein shall be construed to prevent the making or authorizing of payments or making of contracts for capital improvements to be financed wholly or partly by the issuance of bonds or to prevent the making of any contract or lease providing for payments beyond the end of the fiscal year.

Section 12. Borrowing. The Board of Mayor and Aldermen, for the sole purpose of meeting the necessary expenses within appropriations, is authorized to borrow money in the amount not to exceed 50 per cent of the anticipated revenues for the current fiscal year. Such notes shall mature during the current fiscal year and shall be paid from budgeted revenues.

Section 13. Accounting records and audits. There shall be installed and maintained adequate accounting records in accordance with generally accepted principles of municipal accounting. The same account titles shall be used throughout the accounting records, the budget and financial statements. Constant and comprehensive budgetary control shall be maintained. An audit of the financial affairs of the City shall be required by action of Board of Mayor and Aldermen and same be made after the end of each fiscal year by a public accountant skilled in such work. Any taxpayer may file a bill in chancery court to compel the Board of Mayor and Aldermen to have the audit made if such accountant has not been employed within one month after the end of the fiscal year.

Section 14. Competitive bidding and purchasing procedures. The City Manager shall be responsible for all city purchasing, but the City Manager may delegate this duty to any subordinate so appointed. Competitive prices for all purchases and public improvements shall be obtained whenever practicable and in accordance with regulations established by ordinance, and the purchases made from or the contract awarded to the lowest and best bidder. The city shall have the power to reject any and all bids. Public advertisement and sealed bids shall be required in all transactions involving the expenditure of ten thousand dollars (\$10,000.00) or more within one fiscal year; provided, that, in cases where the Board of Mayor and Aldermen indicates by formal unanimous resolution of those present at the meeting, based upon the written

recommendation of the City Manager, that it is clearly to the advantage of the city not to contract with competitive bidding, it may authorize noncompetitive contracts. Any exceptions to competitive bidding established by state law shall apply to purchases by the municipality including, but not limited to, those exceptions set forth in Tennessee Code Annotated, Section 6-56-304.
